A consultation visit is \$35. Rescheduling a consultation requires a 24 hour notice. If less than a 24 hour notice is given, or if an appointment is missed, a \$70 cash prepaid deposit is required to reschedule the consultation. This will be applied toward the permanent cosmetic procedure of choice.

After the consultation, a price quote and reiterating pre and post procedure instructions are provided. Clients will never be pressured to make an appointment at that time. In fact, I urge clients to take the information home, think it over, discuss it with family and call me when they wish to proceed.

To reserve an appointment for a procedure, a \$200-\$250 non refundable deposit is required. Payment methods accepted are Visa, MasterCard, check and cash. The deposit will be applied toward the cost of the procedure.

**If an appointment time must be rescheduled *please* give at least a 48 hour notice so that I may fill that opening in my schedule.**

**If a procedure appointment is missed or cancelled with less than 48 hours notice, the deposit will not be refunded or reapplied.** If the appointment is rescheduled with at least 48 hours notice the deposit will be reapplied toward the rescheduled procedure.

The first visit of the procedure process is the "design" or "saturation" visit. The second visit is known as the "focus" or "follow-up" visit. As the names imply, these visits accomplish the basic design and the final touches of perfection by focusing on balance, symmetry and detail of the healed result. There is no charge for the second visit as long as it is completed within 60 days of the first visit. **Less than 48 hours notice of cancellation or a missed follow-up procedure will result in a charge of \$150 for an additional appointment to be scheduled.**

"Touchups" are visits that generally occur between one and five years after the original procedure. There *is* a charge for these visits, however it is minimal. 1-2 years is 25%, 2-5 years is 50%, however over 5 years is 100% (full price). Percentage is based on current pricing, not the original price when the procedure was first done.

Cosmetic Tattooing requires maintenance. All color fades, whether in paint, fabric, hair, furniture as well as cosmetic tattooing. How much fading occurs depends on many variables including sun (ultra-violet) exposure, body chemistry, medication and topical treatments.

For your protection, my concentration, and in accordance with municipal regulations, please arrange for childcare during your appointment time.

I, the undersigned, have received these appointment policies both verbally and in written form and I agree to comply by them.
